## INDEPENDENT AUDITORS' REPORT

Board of Directors  
San Bernardino County Financing Authority  
San Bernardino, California

We have audited the accompanying financial statements of the San Bernardino County Financing Authority (the "Authority"), a component unit of the County of San Bernardino, California, as of and for the year ended June 30, 2009, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the San Bernardino County Financing Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the San Bernardino County Financing Authority as of June 30, 2009, and the respective changes in financial position thereof, and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Authority has not presented management's discussion and analysis that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the San Bernardino County Financing Authority's financial statements. The supplementary information on those pages listed in the table of contents is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 1: DESCRIPTION OF THE AUTHORITY AND ACCOUNTING POLICIES**

The San Bernardino County Financing Authority (the "Authority") was created pursuant to a Joint Exercise of Powers Agreement (the "Agreement") dated May 16, 1966 as amended on July 1, 1982, and May 1, 1983, as amended and restated on March 27, 1989, and as amended on February 15, 1994 and between the County of San Bernardino (the "County") and the San Bernardino County Flood Control District (the "District"). The 1994 amendment changed the name of the Authority from San Bernardino Building Authority to San Bernardino County Financing Authority to better reflect the broad purposes of the Authority.

The Agreement authorizes the Authority to provide financing for public capital improvements for the County, to acquire such public capital improvements, and to purchase certain underlying obligations issued by or in behalf of the County. Obligations may be in the form of assessment district bonds, community facilities district bonds, general obligation bonds, limited obligation bonds, revenue bonds, notes, lease-purchase agreements and other evidence of indebtedness. The financial position and results of operations of the services provided are reflected in the funds of the joint powers authority.

All activities of the Authority are presented as proprietary funds. The Authority's financial statements are presented on the accrual basis of accounting. Under this method, income is recognized when earned and expenses recorded when incurred. The Authority is deemed to be a component unit of the County. All accounts and records of the Authority's projects are maintained by trustee banks.

The Authority records all investments that are not actively traded in the securities market at cost or amortized cost. The Authority treats all investments with original maturities of three months or less as cash equivalents. The Authority has investments in Capital Appreciation Bonds, which are also called "zero-coupon" or "deep-discount" bonds. These investments, which are purchased at their issue price, are deeply discounted from the face value, have no regular interest payments and are payable at maturity at their face value. Since the Capital Appreciation Bonds are not actively traded in the securities market, the Authority records all investments in Capital Appreciation Bonds at the accreted value. The accreted value as of the calculation date of a capital appreciation bond is the sum of the total of principal and interest payable per the bond indenture. The Authority records the increase in the value of the investments each year as accretion of investment income.

The Authority has capitalized deferred issuance costs and bond discount and deep-discounts associated with the bond issues. The deferred issuance costs and bond discount are being amortized over the term of the respective bonds using the straight-line method. The deep-discount is being amortized based on the accreted value of the bonds at year-end. The Authority records the amortization of deep-discount as accretion of interest expense.

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 1: DESCRIPTION OF THE AUTHORITY AND ACCOUNTING POLICIES**  
**(continued)**

In accordance with Governmental Accounting Standards Board Statement No. 34 (GASB 34), a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows are presented. GASB 34 requires the classification of net assets into three components – invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

*Invested in capital assets, net of related debt* – This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net assets component as the unspent proceeds.

*Restricted* – This component of net assets consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

*Unrestricted* – This component of net assets consists of net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

**NOTE 2: CASH AND INVESTMENTS**

Fiscal agents acting on behalf of the Authority held all cash and investments from long-term debt issuances. In accordance with the terms of the trust agreements, cash and investments are segregated and restricted for specified purposes. The trustee banks for the Authority are as follows:

<b>Bond Issue</b>	<b>Trustee</b>
Pension Obligation Revenue Bonds	BNY Western Trust Company
Courthouse Revenue Bonds	Wells Fargo Bank

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 2: CASH AND INVESTMENTS (*Continued*)**

**Investments Authorized by Debt Agreements**

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements. Authority bonds currently outstanding were issued for the purpose of acquiring specified local bonds. In addition to these local bonds, the debt agreements specify permitted investment types along with any related insurance, collateral, or minimum credit rating requirements. Investments in money market funds are required to have a rating of A or better for the Pension Obligation Revenue Bonds.

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In general, the longer the maturity of an investment, the more sensitive its fair value is to changes in market interest rates. The Authority has managed its exposure to interest rate risk by purchasing investments with maturity dates and amounts that coincide to a large degree with the Authority's debt service requirements. Additionally, bonds held as investments carry a higher interest rate than the Authority's bonds payable. As a component unit of the County of San Bernardino which uses weighted average maturity to monitor its interest rate risk, the Authority has elected weighted average maturity for its disclosure method.

As of June 30, 2009, the Authority's cash and cash equivalents and investments were as follows:

<u>Investment</u>	<u>Maturity</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
Municipal Bonds	8/1/2009 - 8/1/2021	\$ 452,891,515	6.840
Mutual Funds	7/1/2009	<u>17,933,239</u>	0.00
Total Investments		<u><u>\$ 470,824,754</u></u>	

**Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. Investments in any one issuer that represent 5 percent or more of total investments are shown on the next page:

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 2: CASH AND INVESTMENTS (*continued*)**

<u>Issuer - Municipal Bonds</u>	<u>Fair Value</u>
County of San Bernardino	\$ 428,384,787
South Coast Air Quality Management District	<u>24,506,728</u>
	<u>\$ 452,891,515</u>

**Credit Risk**

The Authority's investment in Pension Obligation Revenue Bonds are not rated. The Authority's investments in money market funds were rated Aaa by Moody's Investors Service.

The investments of each bond issue are described below:

**Pension Obligation**

Investments consist of Pension Obligation Revenue Bonds issued by the County and the South Coast Air Quality Management District (the AQMD). Since these investments are not actively traded in the securities market, they have been reported at amortized cost. See Note 3 for more detailed information.

**NOTE 3: LONG-TERM DEBT**

**Pension Obligation Bonds**

On December 13, 1995 the Authority issued Current Interest Authority Bonds in the amount of \$298,595,000 and Capital Appreciation Authority Bonds in the amount of \$121,932,487 (collectively referred to as the "Authority Bonds"). The Authority Bonds were issued to provide funds to enable the Authority to purchase the San Bernardino County 1995 Pension Obligation Refunding Bonds (the "County Bonds") and the South Coast Air Quality Management District 1995 Pension Obligation Refunding Bonds (the "AQMD Bonds") which were issued by the County and AQMD respectively, to allow them to refinance each of their unfunded accrued actuarial liability with respect to retirement benefits for their respective employees.

The repayment of the Authority Bonds is secured by a first lien on and pledge of all amounts payable by the County and AQMD on the County Bonds and the AQMD Bonds.

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 3: LONG-TERM DEBT (*Continued*)**

Interest is payable on the Current Interest Authority Bonds semi-annually at interest rates from 6.74 percent to 7.09 percent. Interest on the Capital Appreciation Authority Bonds compounds semi-annually at interest rates from 7.56 percent to 7.70 percent payable solely at maturity.

The Authority Bonds are not subject to redemption prior to maturity.

**Courthouse Revenue Bonds**

On June 29, 2007 the Authority issued Revenue Bonds, Series 2007 in the amount of \$18,370,000. The bonds were issued to finance the costs of seismic retrofitting, refurbishing, improving and renovating courthouse facilities located within San Bernardino County, fund a reserve fund for the bonds, and pay costs of issuance of the bonds.

The Revenue Bonds are special, limited obligations of the Authority payable solely from and secured by a first pledge of and exclusive lien on Surcharge Revenues consisting of a fee not to exceed thirty-five dollars charged on certain civil court filings made in Superior Courts located in the County. Only Surcharge Revenue received after June 29, 2007 has been pledged.

The Authority recognizes pledged Surcharge Revenues when they are due from the County according to the financing agreement. The financing agreement indicates the revenues are due when the County receives the Surcharge Revenues from the State.

Previously there was an ambiguity regarding the collection of a surcharge filing fee on civil court filings seeking damages of \$25,000 or less. On June 26, 2007, the County Board of Supervisors adopted a resolution to support the passage of AB 1248 or other new legislation that would provide such clarification.

During the 2007-08 fiscal year this ambiguity was clarified; legislation (Sections 22 and 28 of AB 1248, statutes of 2007 chapter 738 ("AB 1248")) has been enacted by the State legislature expressly providing for the collection of the Surcharge on civil cases of less than \$25,000. The collection of the Surcharge was imposed by County Resolution No. 2003-19. The collection of the Surcharge shall terminate upon repayment of the amortized costs incurred, or 30 years from the sale of the Revenue Bonds, whichever occurs first.

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 3: LONG-TERM DEBT (Continued)**

The prior fiscal years and current fiscal year Surcharge Revenues were more than the required scheduled annual principal and interest payments. The debt service schedule for the current fiscal year only required principal and interest payments totaling \$1,277,950. The total Surcharged Revenues received during the fiscal year totaled \$2,986,778. Surcharge Revenues are projected to produce 150 percent of the debt service requirements over the life of the bonds. Total principal and interest remaining on the bonds is \$35,776,590.

Interest is payable semi-annually at interest rates from 5.10 percent to 5.50 percent starting December 1, 2007. The bonds are not subject to optional redemption prior to maturity; \$3,100,000 is expected to mature on June 1, 2017, and \$15,270,000 is expected to mature on June 1, 2037.

The following is a summary of changes in the Bonds for the fiscal year ended June 30, 2009:

<u>Description</u>	<u>July 1, 2008</u>	<u>Additions</u>	<u>Reductions</u>	<u>June 30, 2009</u>	<u>Due Within One Year</u>

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 4: CONTRIBUTIONS TO OTHER GOVERNMENT**

On August 22, 2006, the San Bernardino County Board of Supervisors adopted Resolution No. 2006-295 to redirect funding in the amount of \$8.8 million from the seismic retrofit and remodel project for the Central Courthouse to the new courthouse to be constructed by the State of California (State) on the 7.12-acre site owned by the City of San Bernardino on the southeast corner of 3<sup>rd</sup> Street and Arrowhead Avenue in San Bernardino. A transfer agreement was approved on June 19, 2007 with the Judicial Council of California, Administrative Office of the Courts which included a provision for the County's contribution of \$8.8 million. However, no time frame for the payment was provided.

On December 16, 2008 the San Bernardino County Board of Supervisors adopted resolution No. 2008-322 to show intent to make every reasonable effort to make contributions to the State in the total amount of \$8.8 million per the following schedule:

<b>Date of Contribution</b>	<b>Amount</b>
December 31, 2008	\$1,200,000
December 31, 2009	900,000
December 31, 2010	900,000
December 31, 2011	900,000
December 31, 2012	4,900,000
<b>Total</b>	<b>\$8,800,000</b>

The County's ability to make these payments when planned is dependent on a number of factors. One of those factors is maintaining Surcharge filing fee revenues at current levels and that they are at least 1.5 times the annual debt service the Authority is paying on the revenue bonds issued to fund the Seismic Retrofit Project. The coverage ratio exceeded the 1.5 requirement for the year ending June 30, 2008. Therefore, excess surcharge revenue was used to reimburse the \$1,200,000 contribution the County made to the State on December 26, 2008. There was no liability for the Authority on June 30, 2008 or on June 30, 2009. Determination is made by the County in December when they review the cash flows for the Central Courthouse project and all the factors dependent on making the contribution to the State.

It is the County's, not the Authority's, responsibility to make the above contributions. The Authority will not use bond proceeds and will only reimburse the County for future contributions from excess surcharge revenue if the excess surcharge revenue exceeds the 1.5 annual debt service coverage ratios.

**SAN BERNARDINO COUNTY FINANCING AUTHORITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 5: CONDUIT DEBT OBLIGATION**

To provide funds to finance and refinance the Redevelopment Agency of the County of San Bernardino redevelopment activities in the San Sevaine Redevelopment Project Area, including the advance refunding of the 2000 bonds, fund the reserve account, and provide for the costs of issuing the 2005 Bonds, the Agency has issued a series of Tax Allocation Bonds. A portion of the proceeds of the 2005 Bonds will be used to finance redevelopment and low and moderate income housing activities within or for the benefit of the Project Area and which will include, but are not limited to, the following: Construction of a fire station, Reconstruction and widening of Cherry Avenue, Construction of the San Sevaine and West Fontana flood control channel, and Design of the interstate 10/Cherry Avenue interchange. These bonds are special obligations of the Agency, payable solely from and secured by Tax Revenues and amounts in certain funds and accounts held under the Indenture. The bonds do not constitute a debt or pledge of the faith and credit of the Authority or the County, and accordingly have not been reported in the accompanying financial statements.

At June 30, 2009, Tax Allocation Bonds outstanding totaled \$55,345,000.
